About Me

As a front-end web developer, I have a passion for creating intuitive, user-friendly, and responsive websites. My skills include HTML5, CSS3 and JavaScript. Currently, I'm learning ES6 and also have experience with version control systems like Git and GitHub. I specialize in crafting exceptional, responsive web designs that seamlessly adapt to various devices. Right now, I want to become a MERN stack developer INSHALLAH.

Professional Experience

Enigmatix Pvt Ltd. | Frontend web developer Intern

Nov 2023 - present

- Strong Expertise in HTML5, CSS3 and Javascript.
- Familiarity with Git and GitHub for effective code management and collaboration.
